***Realtor Group Awards Scholarships to Local Students***

The Suburban West REALTORS Association was pleased to recently present awards to deserving local students in the Marple-Newtown School District. A total of five awards were given students who had shown significant improvement in their studies throughout the 2008-2009 school year.

Suburban West REALTOR member Joe Cotumaccio was on hand to present the Most Improved Student award to Michele Hallinan of Paxon Hollow Middle School.

Additionally, REALTOR member and Broomall resident Rick Penater attended the award ceremony at William Culbertson Elementary School and gave out the Most Improved Student awards to Sophia Benedetto, Jake Donnell, Mark Feeney and Dillon Martin.

The Association has a long-standing tradition of promoting education in Delaware County and firmly believes that its ongoing participation with the local schools will further enhance the opportunities available to students in the area. "As an organization of REALTORS who care about our communities, we fully appreciate the importance of helping young people succeed in school and the positive impact it has on the student and the community at large," commented Anne Marie Matteo, Chief Executive Officer of the Suburban West REALTORS Association.

The Suburban West REALTORS Association is the largest local REALTOR organization in Pennsylvania. The Association is committed to enhancing professionalism amongst the real estate profession; ensuring that its members conduct business with integrity and provide superior service to the public.
