ActiveKEY

ActiveKEY is the **first wireless lockbox key** designed by real estate professionals for real estate professionals. **No cradle, no nightly updates**, virtually no attention required from you. ActiveKEY **keeps itself updated 24/7** through frequent cellular connections to the Supra network.

When an ActiveKEY opens one of your iBoxes, you receive a **real-time instant alert on your key**. You know right away when someone has entered your listings! For details, log on to KIMweb at the Supra website.

ActiveKEY is easy to use, especially if you have been using a DisplayKEY. Simply scroll through the ActiveKEY menu and follow instructions displayed in the window. Enjoy lots of **friendly features** including a **built-in flashlight**, and a **brightly lighted keypad and display window**. The ActiveKEY comes with a power cord, a mini-USB cable and a **clip-on pouch with a pocket for your business cards**.

The ActiveKEY is a **dedicated lockbox key** manufactured by GE Security. It is not a cellular phone, nor a text-messaging device, and you cannot add software to the ActiveKEY.
